

VELLA

DEAD FLAT VARNISH

Clear Water-Base Interior Sealer to protect and eliminate sheen on all Vella and Victory Stone plaster finishes.

- Great Protection
- Optimum Clarity
- Non-Yellowing
- Water-Base
- No Sheen
- 100% Acrylic

PRODUCT

Vella Dead Flat Varnish is a top quality clear, non-yellowing water base protective finish coat formulated to have the least amount of sheen with the most clarity. It is water and abrasion resistant.

APPLICATION

The underlying plaster finish must be fully dried prior to application. Dead Flat Varnish can be applied by brush, roller, or spray equipment. Do not apply when air and surface temperatures are below 50 degrees. Stir thoroughly before use, DO NOT SHAKE. Second coat may be applied for maximum protection. **BRUSH:** Use a high-quality synthetic bristle brush. **ROLL:** Use a high quality, soft short nap roller or a foam roller. **SPRAY:** Use a HVLP gun, conventional cup gun or airless spray system.

DRYING TIME

To the touch: 15 min to 1 hr. Full cure: 1-2 hrs. Re-coating (for maximum protection): 1-2 hrs. All times dependent on weather conditions and film thickness.

COVERAGE

One coat of Victory Stone Dead Flat Sealer covers approximately 200 square feet per 32 oz., depending on textures and application.

STORAGE AND CLEAN UP

Freeze and thaw stable. Wash tools with warm water and soap. Quickly clean up spills and splatters with a damp cloth.

CAUTION

Avoid contact with eyes. May cause irritation. If contact occurs, flush immediately with water and contact physician immediately. Wash hands thoroughly with warm water and soap after use. If spraying or sanding, use a dust-particulate respirator approved by NIOSH-MSHA.

KEEP OUT OF REACH OF CHILDREN NOT FOR HUMAN CONSUMPTION
